

# 2021 ALL ABOARD SEMINAR

**Date:** Friday 3rd December, 2021      **Time:** 9am - 2pm

**Venue:** Crown Towers Function Centre - Level 1, 8 Whiteman St, Southbank

The theme for this year's All Aboard event is *healthy organisations are respectful organisations*.

In light of dramatic events in 2020/21, both overseas and at home, health and respect at work and within the community have become priorities. It is an intense time as we all work towards the new normal, recovering from the impacts of natural disasters and the pandemic while simultaneously navigating the influence social issues are having on our teams and communities.

This event will help operators and their teams with:

- Understanding why workplace respect and health starts at the top with owners and leaders.
- Determining the operational and financial impact of workplace respect and health.
- Practical tips for calling out disrespect, raising health concerns, and how to have constructive conversations on uncomfortable issues.

# YOUR HOSTS AND PRESENTERS

## Tasneem Chopra OAM

Born in Kenya, as a fifth generation of East African birthright with Indian origins but raised in country Victoria, Tasneem grew up experiencing life as the proverbial brown pea in a white pod. Fascinated with the world and its people from her early years, this country school girl followed her calling and today is a seasoned Cross Cultural Consultant.

Her fervour for diversity and equity ensure organisations, not for profits and government clients understand the merits of upholding inclusion and learn to walk their talk.

## Professor Sharon Lewin AO, FRACP, PhD, FAHMS

Leading infectious diseases expert, Professor Sharon Lewin AO, is the inaugural Director of the Doherty Institute. She is also a Professor of Medicine at The University of Melbourne and a National Health and Medical Research Council (NHMRC) Practitioner Fellow.

She is also the Chief Investigator of a NHMRC Centre of Research Excellence (CRE), The Australian Partnership for Preparedness Research on Infectious Diseases Emergencies (APPRISE) that aims to bring together Australia's leading experts in clinical, laboratory and public health research to address the key components required for a rapid and effective emergency response to infectious diseases.

## Nicole Livingstone OAM

Nicole Livingstone OAM knows how to win. She began her illustrious swimming career as a champion Australian Olympic backstroker, setting a record in Barcelona that remained for 16 years.

She moved her winning ways to dry land. Along with her sister Karen, Nicole co-founded Ovarian Cancer Australia, which she's now Patron of. Nicole is on the Swimming Australia Board and is the current AFL Head of Women's Football. Nicole has a dream for women's AFL that it becomes genderless and not caught up in the tired debate about the male game versus the female game. She believes we are all athletes and that great footy is great footy.

## Julia Evans

Since the late-1990s, Julia Evans has consulted extensively with peak industry bodies and organisations on their future workforce strategy, workplace training and professional development, member and stakeholder engagement, and advocacy activities.

Julia is the Director of consulting firm Corven. Her doctoral studies explored how ethics and power significantly impact effective small business education. She has been involved with BusVic since 2008 as the facilitator of the annual Women on Board event, Chair of BAV's Social Strategies Committee and was appointed to the BAV Board in 2019.
